

# e-Bug

A FREE educational resource on microbes and the spread, treatment and prevention of infection.

# What is e-Bug?

## Consists of

- a hard copy educational pack with detailed lesson plans for classroom use
- An accompanying teacher website with presentations and alternative ideas
- A dedicated student website with revision guides, interactive games/activities, quizzes, fact of the week and much more.

# What is e-Bug?

- A fun and interactive pan-EU educational resource for junior and senior schools
- The resource has been translated into all EU 27 country languages
- Evaluation in England, France and the Czech Republic has demonstrated that student knowledge is significantly increased and retained when taught using e-Bug.
